

**FEDERAL POLYTECHNIC, NEKEDE,
OWERRI**

ADMISSION BROCHURE (REVISED)

**HIGHER NATIONAL DIPLOMA
AND
NATIONAL DIPLOMA**

HIGHER NATIONAL DIPLOMA (HND) – 2 YEARS

General Minimum Entry Requirements

- i) Candidates must hold the minimum entry requirements for ND programme in the Federal Polytechnic, Nekede.
- ii) They must possess the National Diploma of the Federal Polytechnic Nekede, Owerri or the equivalent from recognized institutions in the appropriate discipline with minimum of lower credit pass (CGPA 2.50).
- iii) For candidates with pass level and CGPA not below 2.00 points, a minimum of two years post ND cognate working experience is required. **(Applicable to Federal Polytechnic Nekede (ND) graduates only).**
- iv) Candidates from other institutions **with pass level are not admissible.**

NATIONAL DIPLOMA (ND) – 2 YEARS

General Minimum Entry Requirements

SCHOOL OF ENGINEERING TECHNOLOGY (SET)

AGRIC. ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, English and any two of Agric/Biology, Chemistry, Health Science, Physics.	Credit passes in Mathematics, English, Physics and any two subjects from Bio/Agric, Chemistry, Building Engineering Drawing/Engineering Drawing/Technical Drawing/Metal Works/General Metal Works, Geography, Economics/Commerce, Computer Studies/ICT/Data Processing, Further Maths, Food and Nutrition, Basic Electricity/Electronics, Auto Mechanics, A pass in Chemistry is required.

MECHANICAL ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry	Credit passes in Mathematics, English Language, Physics and any two subjects from: Bio/Agric, Chemistry, Technical Drawing/Building Engineering Drawing /Engineering Drawing/Metal Works/General Metal Works, Basic Electricity/Electronics, Geography/Economics, Further Maths, Computer Studies/ICT/Data Processing, Auto Mechanics.

ELECTRICAL/ELECTRONICS ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry	Credit passes in Mathematics, English Language, Physics and any two subjects from Bio/Agric science, Chemistry, Technical

	Drawing/Building Engineering Drawing/Engineering Drawing/ Metal Works/ General Metal Works, Basic Electricity/Electronics/Electrical Installation & Maintenance Works, Geography/Economics, Further Maths, Computer Studies/ICT/Data Processing Auto Mechanics.
--	--

CIVIL ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry	Credit passes in Mathematics, English, Physics and any two subjects from: Bio/Agric. Science, Chemistry, Technical Drawing/Metal works/Building Engineering/Engineering Drawing/General Metal Works/Metal Works, Basic Electricity/Electronics, Geography/Economics, Further Maths, s, Computer Studies/ICT/Data processing.

COMPUTER ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry.	Credit passes in Mathematics, English language, Physics, and any two subjects from: Bio/Agric Science, Chemistry, Technical Drawing/Metal works/General Metal Works/Building Engineering Drawing/Engineering Drawing, Basic Electricity/Electronics, Geography/Economics, Further Maths. Computer studies/ICT/Data Processing.

CHEMICAL ENGINEERING DEPARTMENT

U TME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry.	Credit passes in Mathematics, English, Physics, Chemistry and any one subject from: Bio/Agric Science, Engineering Drawing/Technical Drawing/Building Engineering Drawing, Basic Electricity/Electronics, Geography, Economics/Commerce, Metal Works/General Metal Works, Wood Work. Computer Studies/ICT/Data Processing.

MINERAL AND PETROLEUM RE SOURCES ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry.	Credit passes in Mathematics, English, Physics, and any two subjects from: Bio/Agric Science, Chemistry, Technical Drawing/ Metal Works/General Metal Works/Engineering Drawing/Building Engineering Drawing, Basic Electricity/Electronics, Geography/Economics, Further Maths, Computer Studies/ICT/Data Processing.

MECHATRONICS ENGINEERING DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry.	Credit passes in Mathematics, English, Physics, and any two subjects from: Bio/Agric Science, Chemistry, Technical Drawing/ Metal Works/General Metal Works /Building Engineering Drawing, Basic Electricity/Electronics, Geography/Economics, Computer Studies/ICT/Data Processing, Further Maths, Auto Mechanics.

METALLURGICAL ENGINEERING DEPARMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry	Credit passes in Mathematics, English, Physics and any two subjects from: Bio/Agric. Science, Chemistry, Technical Drawing/Metal works/Building Engineering/Engineering Drawing/General Metal Works/Metal Works, Basic Electricity/Electronics, Geography/Economics, Further Maths, Computer Studies/ICT/Data processing.

WELDING/FABRICATION DEPARTMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
English Language, Mathematics, Physics/Technical Drawing and Chemistry.	Credit passes in English Language, Mathematics, Physics, Chemistry and any other one of the following: Metal Work/General Metal Works, Wood Work, Technical Drawing/Building Engineering Drawing/Engineering Drawing , Basic Electronics/Electricity, Economics, Statistics, Further Mathematics, Biology/Agric. Science. Computer Studies/ICT/Data Processing.

HYDROLOGY & WATER RESOURCES MANAGEMENT

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
Mathematics, Physics and Chemistry	Credit passes in Mathematics, English, Physics and any two subjects from: Bio/Agric. Science, Chemistry, Technical Drawing/Metal works/Building Engineering/Engineering Drawing/General Metal Works/Metal Works, Basic Electricity/Electronics, Geography/Economics, Further Maths Computer Studies/ICT/Data processing.

WATER RESOURCES ENGINEERING TECHNOLOGY

UTME REQUIREMENTS	O/LEVEL REQUIREMENTS
English Language, Mathematics, Physics and Chemistry	Credit passes in English Language, Mathematics, Physics/Geography and any two Science subjects plus at least passes in Chemistry and Biology.
